Dr. Diana,

On behalf of the Waterford Library I'd like to thank you for your presentation last Weds on healthy joints at the Waterford Public Library. Your generous donation of time and information is greatly appreciated.

I hope that you were as pleased as we were with the turnout. Certainly their level of enthusiasm for you and for the subject matter was genuine as evidenced by their numerous questions that probably could have gone on for at least another hour!

The content of the program, both the images and the information, was perfectly coordinated and delivered. Your relaxed but highly informative presentation was packed with information that you made very accessible and understandable. I noticed many in the audience furiously scribbling notes while others were totally engrossed and hanging on your every word. Your stories of football colleagues, your family and patients added a very personal quality to your presentation as well as your sense of humor and forthrightness.

Again thank you for taking the time from your busy schedule to come to the library and present this valuable information. It was a pleasure to meet you.

Sincerely, Judy

Waterford Library
